NSN 7540-01-152-8070 PREVIOUS EDITION UNUSABLE ConWrite Version 6.1.3 Created 24 May 2004 9.29 AM 30-105

STANDARD FORM 30 (REV.10-83) Prescribed by GSA FAR (48 CFR) 53.243 The purpose of this amendment is to:

- a) Change Section L L035 INSTRUCTIONS FOR RECOMMENDED SUMMARY FORMAT (FEB 1997) to read as follows.
- Discuss how you intend to meet the Statement of Objectives and include a tentative schedule for the tasks to be completed.
- 2. Explain the qualifications you possess that are necessary to meet the objectives.
- 3. Address the risk associated with accomplishment of the objectives.
- 4. Include an explanation of how you developed an in-depth understanding of long range DoD space plans and programs. Also, discuss any major interactions you have with Air Force Space Command, the Missile Defense Agency, or the National Reconnaissance Office.
- 5. Provide past performance information on not more than five (5) recent contracts that you consider most relevant in demonstrating your ability to perform the proposed effort. Include a separate summary paragraph for each reference relating how that contract is relevant to the Statement of Objectives. For each reference include:

Name of Contractor: Address: Telephone Number: Point of Contact: Date Contract Completed:

b) Change Section M - M0002 EVALUATION CRITERIA to read as follows.

In accordance with FAR 15.304(e), evaluation factors other than cost, when combined, are significantly more important than cost; however, cost will contribute substantially to the selection decision. Award will be made to the offeror proposing the combination most advantageous to the government based upon an integrated assessment of the following evaluation factors:

- Technical Excellence
- 2) Past Performance
- 3) Price
- a) Technical Excellence and Past Performance, when combined are the most important criterion for this acquisition. Offerors are cautioned that the Government will use data provided by each offeror and from other sources in the evaluation of past and present performance.
- b. Cost proposals will be evaluated to ensure realism, reasonableness, and completeness. The government may use cost information furnished by other government sources and/or an independent cost estimate in evaluating the realism and/or reasonableness of the proposed cost/price.

The evaluation will assess the offeror's understanding of the requirements, whether the proposed approach is sound, within budget constraints, and consistent with the proposed schedule. While the Government will strive for maximum objectivity, the selection process, by its nature, is subjective, and therefore, professional judgment is implicit throughout the entire process.

c) DUE DATE FOR QUOTES IS EXTENDED UNTIL CLOSE OF BUSINESS JUNE 2, 2004.

Note: Option Years 1 through 4 will be included in the evaluation price (Basic Year Price + Each Option Year Price = Total Evaluation Price).

INCLUSION OF OPTION YEARS IN THIS RFQ DOES NOT IN ANY WAY OBLIGATE THE GOVENRMENT TO EXERCISE THE OPTION YEARS.
